

Information for exhibitors at E-sundhedsobservatoriet 2026

The stand:

The price of a stand at the exhibition includes:

- 2 free participants including the gala dinner. The ticket that comes with booking a stand cannot be used as an admission ticket to the conference. In June you will receive a link to the registration of the two free participants.
- A power plug
- A café table
- Wireless internet.

We do not distinguish between conference participants and exhibitors, as all participants have access to presentations, etc. All participants at the stand must therefore be registered, and you will receive a name badge that must be worn visibly throughout the conference.

You can order wired internet for 1.040 DKK excluding WAT if you order it when booking the stand. There are no lamps or carpets on the floor. Most stands have no sides or back wall. Please see the website for the individual stands.

If you need equipment for the stand or help building it, you will find contact information on the E-sundhedsobservatoriets website for a supplier who knows Odeon. You will pay directly to the supplier.

All exhibitors are required to limit themselves to their own stand area during the exhibition period, and it's not permitted to place material outside the rented area.

You can easily have two companies / organizations on the same stand, but only one invoice will be issued per stand.

Catering at the stand:

All types of catering (cold/hot drinks, cakes, ice cream, popcorn, wine/beer, etc.) at the stand – except for a little candy, must be purchased from Odeon.
